

WYMONDHAM COLLEGE

A World Class State Boarding and Day School

Principal: Emma Arrand BA (Hons), FCCT, QTS

Dear Parent/Carer

Important Information: Registering with a New GP After Leaving College

As your child reaches the end of their time at Wymondham College, we would like to wish them every success in their next steps—whether in further study, work, or new opportunities ahead.

If they are currently registered with **Wymondham Medical Partnership**, please be aware that their registration will **end once they leave the College**. To ensure continued access to medical care, prescriptions, and NHS services, you will need to register them with a **new GP** near their home or future place of residence.

You can find and register with a local GP via the NHS website:

www.nhs.uk/service-search/find-a-gp

For registration purposes, the College GP details are:

Wymondham Medical Partnership

Post Mill Close Wymondham,
Norfolk
NR18 0RF
Tel: 01953 602220

If your child takes regular medication or is receiving ongoing treatment, please arrange registration with their new GP as soon as possible to avoid any disruption. Their medical records will be transferred automatically after registration.

Support and Contact

If you need help or have questions before leaving College, please contact the Medical Centre. **During school holidays, the Medical Centre is not staffed, and emails are not routinely monitored.** For urgent enquiries during these times, please contact the **College Office**. For any issues specifically related to GP registration, please contact **Wymondham Medical Partnership directly**.

Prescription Information

Your child should have left College with at least **two weeks' supply of medication**. If they did not, or if they need more medicine before registering with a new GP, you can still order a repeat prescription from Wymondham Medical Partnership and request collection from a pharmacy near you. This helps prevent any gap in medication during the transition.

Thank you for being part of our College community. We wish you good health and every success for the future.
