Health and Care Academy App – Careers Support and Opportunities

Dear Parents and Carers,

I hope you have all had a good start to the new term and to 2026.

I am writing to make you aware of the **Norfolk and Waveney Health and Care Academy App**, which was launched in late 2025, and to share information on how it can support your child.

The app is designed to help students, parents and carers, teachers, and careers advisers explore a wide range of careers in health and social care. It provides valuable information about pathways, opportunities, and next steps, and we encourage you to download and explore it with your child.

In addition, the Health and Care Academy runs themed months on their social media platforms ([Facebook](#) and [Instagram](#)) to offer guidance on key topics such as work experience, GCSE and post-16 options, and careers within health and social care. The current themes are:

- **January:** Options and Work Experience – showcasing available work experience opportunities in health and social care
- **February:** Apprenticeships
- **March:** Professions and Careers in Health and Social Care

If you or your child have any questions about careers or opportunities in health and social care, please do not hesitate to contact the team at HealthandCareAcademy@jpaget.nhs.uk. They will be happy to answer queries or put you in touch with colleagues working across Norfolk and Waveney.

Best wishes,

Margarita Harris
