Code of Conduct for Students

1 Introduction

- 1.1 Wymondham College is a community which places a strong emphasis on consideration for others, good manners, smart appearance and hard work. Being a member of this unique community is a privilege and this privilege brings responsibilities with it. All members of the College community and others with whom we come into contact deserve respect and appreciation. The attitude of the whole community should be guided by the three Cs:

Care Consideration Courtesy

- 1.2 We all have a duty to preserve the good name of the College, to care for the fabric of the College buildings and the appearance of the College grounds and to act in an environmentally responsible manner.
- 1.3 The Code of Conduct for Students sets out the basis of how those responsibilities are to be discharged. These apply at all times when students are in the care of the College and at other times when they may reasonably be associated with it

2 Behaviour

- 2.1 Nothing must be done by any member of the College community that will adversely affect the right of any other member of the community to enjoy and benefit from being a member of the College, or which may expose them to harm.
- 2.2 Students have a responsibility to do what they can to safeguard their own health and safety and that of others at the College.

- 2.6 Students who are found to be under the influence of alcohol, illegal drugs or other intoxicating substances known as Novel Psychoactive Substances (NPS) "Legal Highs" whilst at the College may be liable to permanent exclusion from the College. This also applies to boarding student who may be returning to the College during evenings or at weekends.
- 2.7 Sexual activity involving students is a breach of the College Rules.

- 2.8 Any student entering an area of the College designated for the use only of the opposite sex, or introducing a visitor into such an area, is liable to permanent exclusion from the College.
- 2.9 Students must not possess or use any illegal drug. Any student who becomes involved with illegal drugs in any capacity is liable to be permanently excluded from the College. The College reserves the right to apply jurisdiction beyond the College premises to the extent that it is reasonable to do so, as outlined above.
- 2.10 Students must not bring any substance known as Novel Psychoactive Substances (NPS) "Legal Highs" onto the College grounds.
- 2.11 Students must remain in house or designated house area unless attending lessons and meals or unless their absence has been approved by a member of staff. Students must keep within bounds at all times. The College bounds for students are displayed in each house.
